

Temporary Disabilities

Services are available to students with temporary disabilities to provide access to campus academic programs and services.

Assistance cannot be provided for tasks of a personal nature such as typing homework or assisting with home-health care.

Students must submit documentation of their condition by using **The Verification of Physical, Medical or Sensory Disabilities Form**. This form can be requested from the Office of Accommodative Services in print or as a PDF file. This form **MAY NOT** be used to document temporary disabilities of a psychological nature.

Verification of a Disability for Medical, Physical or Sensory Disabilities Form

Please call the Office of Accommodative Services with your questions and concerns related to a temporary disability and we will discuss resources and assistance that can be provided by Clarkson during this difficult time.
