

Health Insurance Deadline

Sent to All Students on 9/1/11 via Campus Announcement

TO: All Students

FROM: Student Administrative Services

Students have until Friday, September 16, 2011 to make changes to their Student Health Insurance Coverage or to complete the Health Insurance check-in process indicating they have coverage.

If you wish to change your coverage, please contact the SAS Office. Students who have not completed the health insurance check-in process must do so in order to waive coverage under the student plan. Failure to complete this by the September 16, 2011 deadline will result in a \$521 charge for the student health insurance coverage for the academic year. Check your Student Service Center in PeopleSoft to see if you need to complete the Health Insurance requirement.

Please note after the September 16, 2011 deadline no changes will be accepted by the Health Insurance carrier.

Thank you.
